

Parkdale Hub Future Planning

Jan - May 2019 PRA-led Survey Results

The city's proposed development site at Queen St. West and Cowan Ave. is a central meeting point for our community.

This survey is meant to further collect input from Parkdale residents and users of the current town centre about the most important future needs at the proposed Community Hub.

Your neighbours at the Parkdale Residents Association (PRA) are collecting this input

- to inform future consultations with residents, users, and City staff
- to develop resident-focused planning workshops
- with the goal of open, honest, and meaningful long-term planning for the site

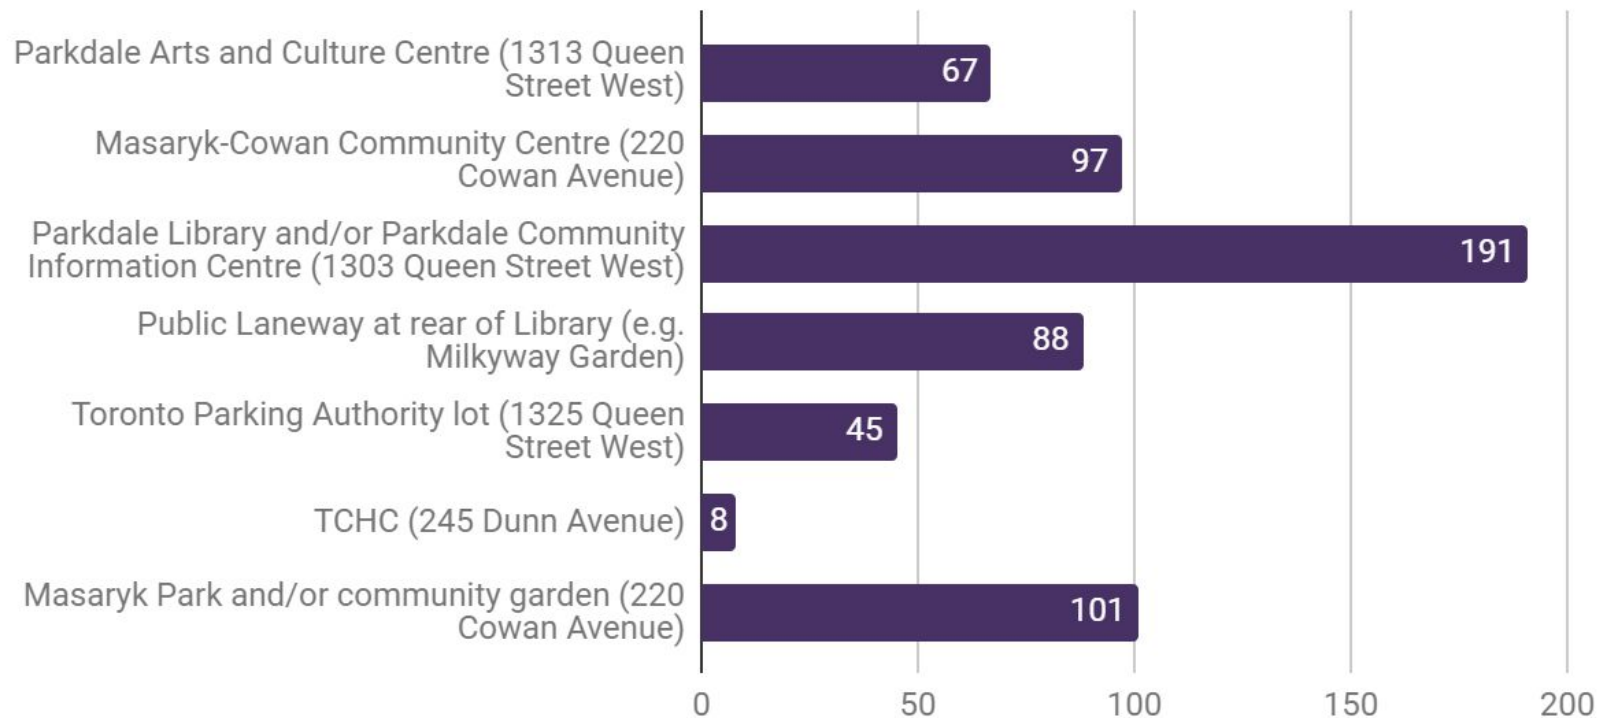

You can find more information about the City's plans at <https://parkdalehub.ca/>

What does
Community Hub
mean to you?

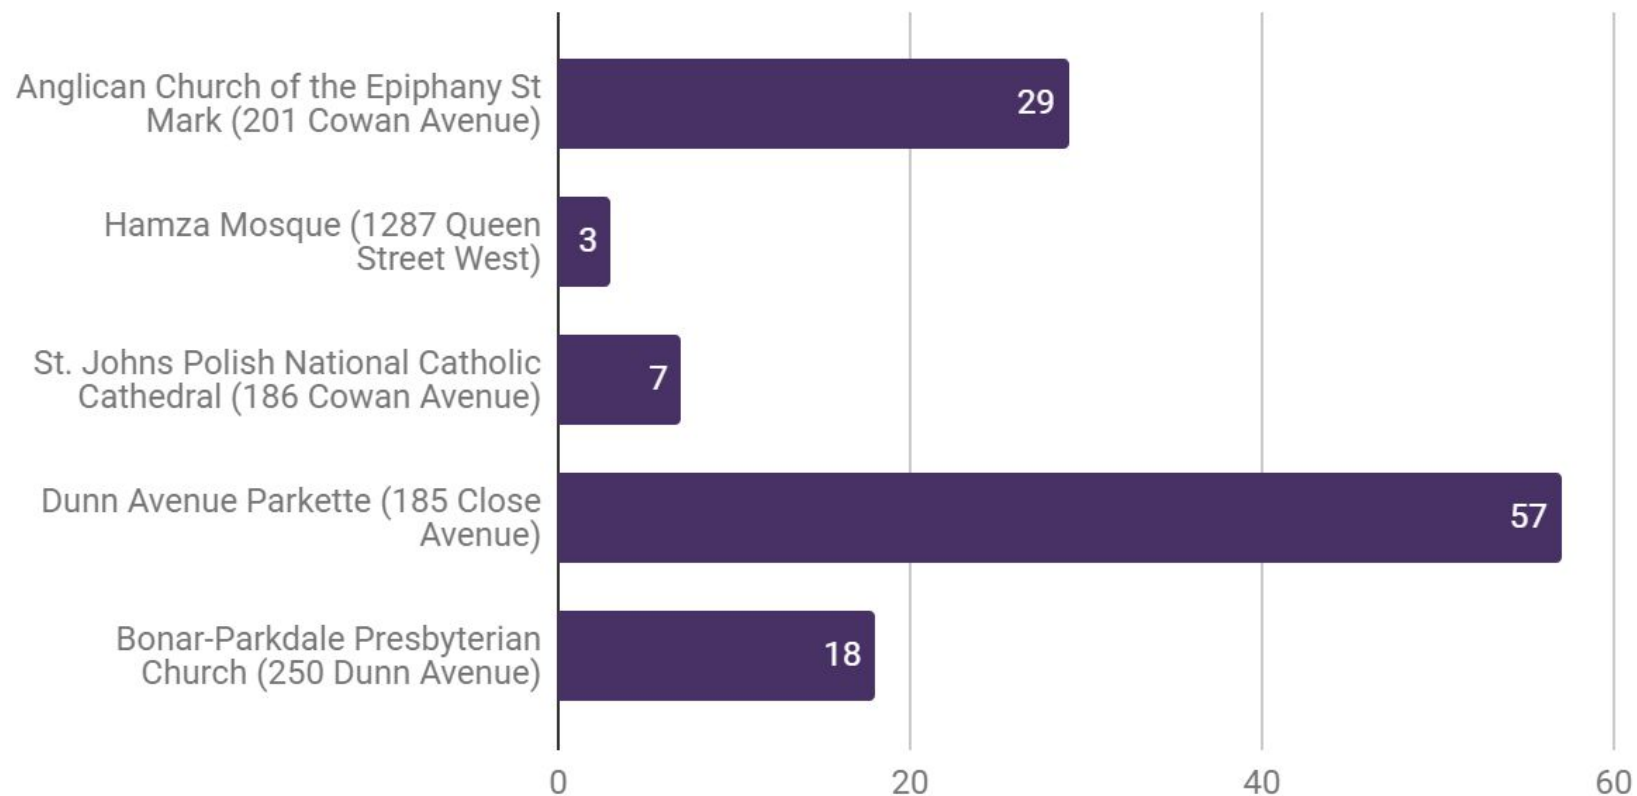

Are you a user of any of the current City properties in the study area?

200 Responses

Are you a user of a site ADJACENT to the proposed site?

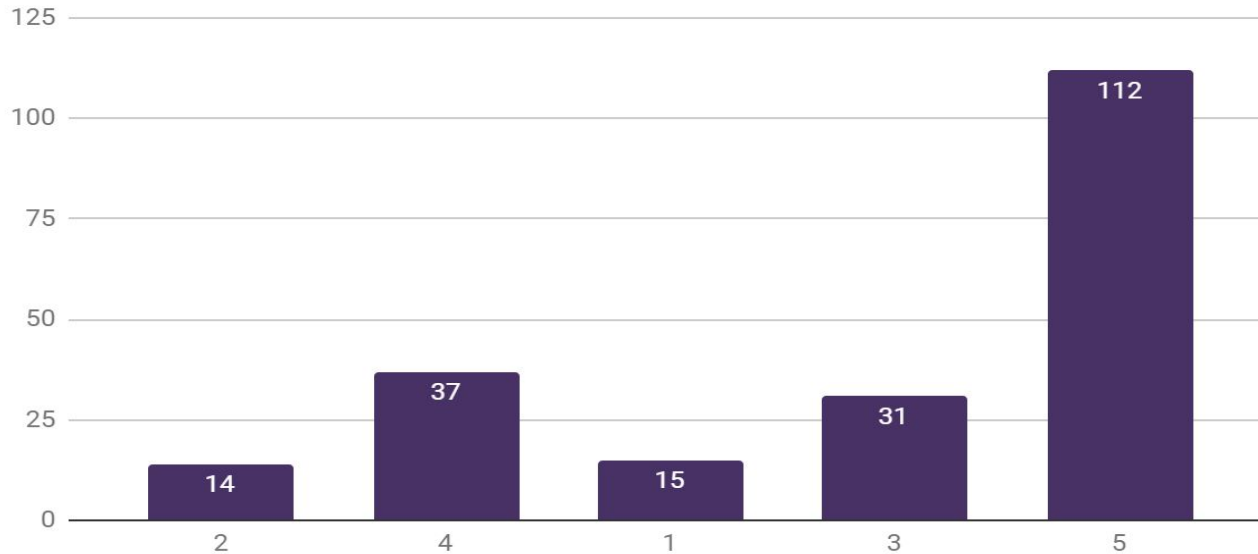

95 Responses

Please rank the following five items according to how necessary you feel they are in the future Parkdale Community Hub:

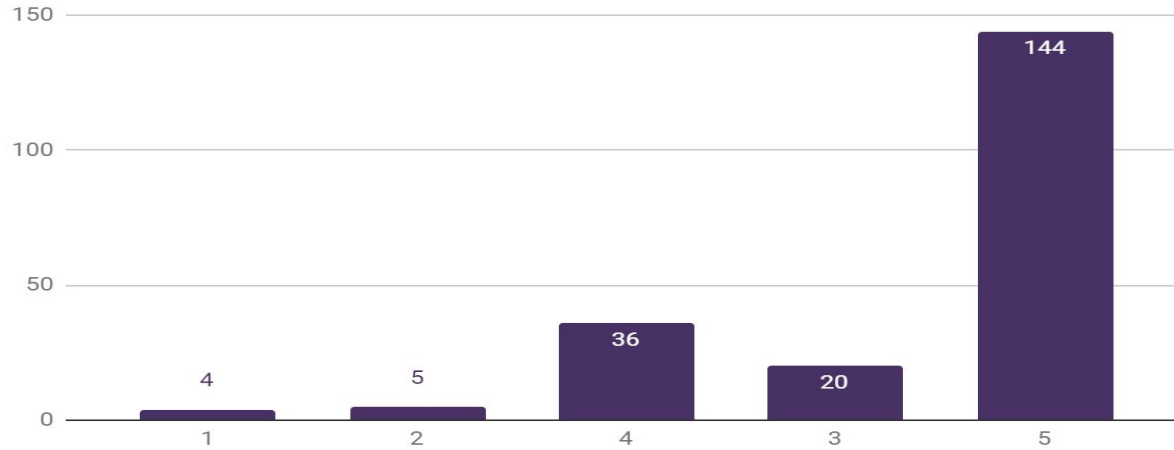

Culturally Inclusive Design

209 Responses

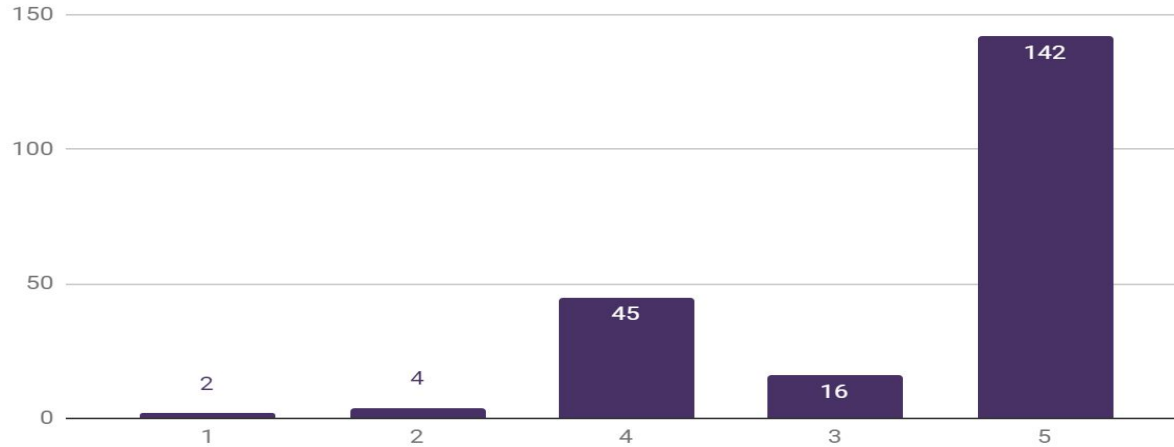

Accessible Design (Meeting AODA Standards)

209 Responses

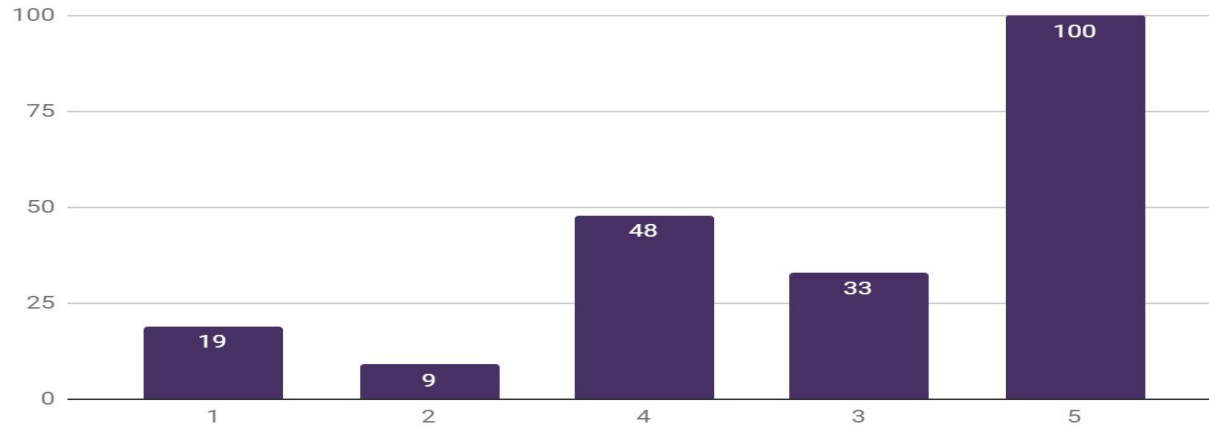

Environmentally Sustainable Design

209 Responses

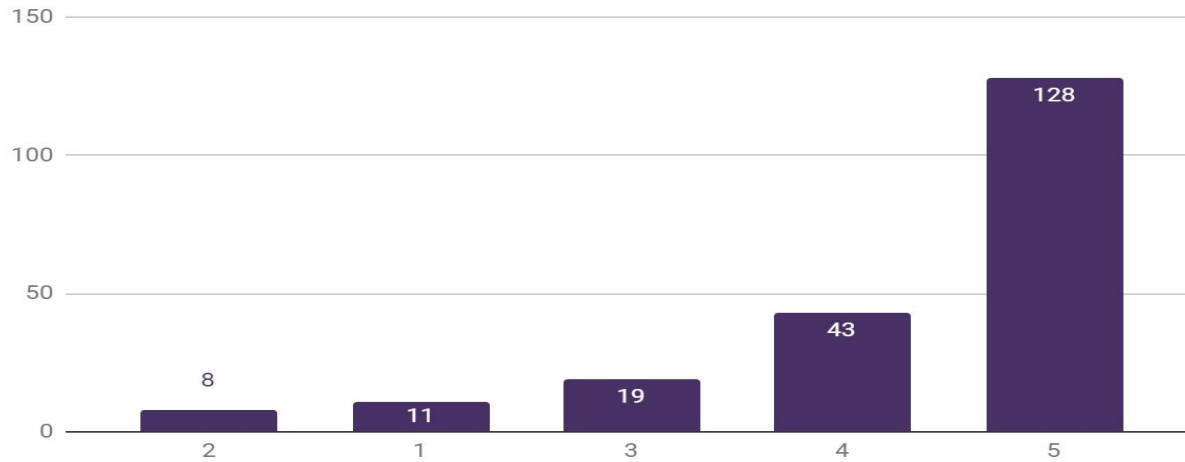

Visibility of Indigenous History and Culture

209 Responses

Preservation of Historic Buildings

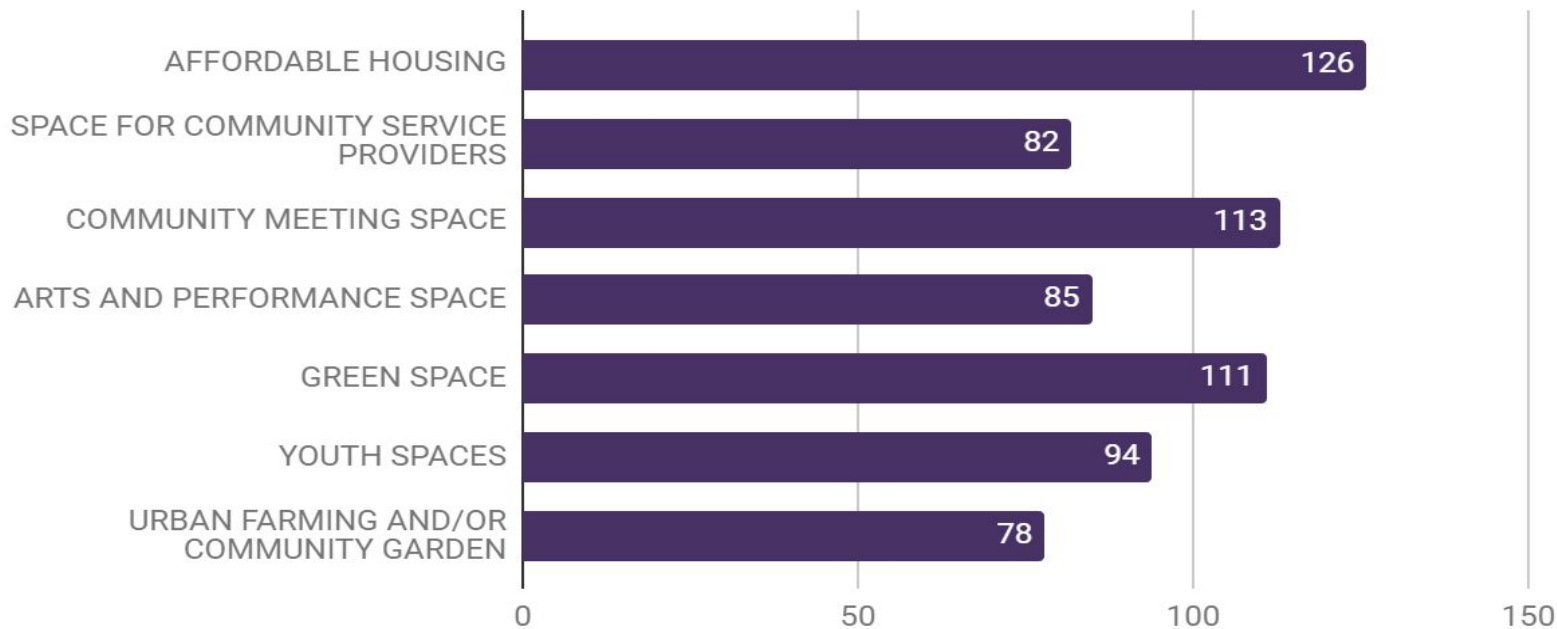

209 Responses

Please select your TOP FIVE (5) items from the below list that you feel are necessary in the future Parkdale Hub:

Most Selected: Necessary Services and Spaces for Parkdale Hub

209 Responses

Tell us something that you have seen or know about which sparks ideas for the potential use of this public space:
